

Martins (A.) Somtochukwu

Frontend developer

alexandermartins123@icloud.com | +2348080356793 | Lagos, Nigeria

PROFILE

Highly skilled software engineer with expertise in frontend development for web and app applications, proficient in HTML, CSS, JavaScript, ReactJS, NextJS, React Native, and various CSS and JavaScript libraries. Dedicated to delivering exceptional user experiences through intuitive and visually appealing interfaces. Seeking a challenging role where I can leverage my technical skills and creativity to develop cutting-edge software solutions that drive innovation and user engagement.

SKILLS

Problem-solving

experience in breaking down a problem into its constituent parts, understanding their issues, and identifying key factors contributing to the problem.

Algorithms

Understanding and implementing efficient algorithms to solve computational problems, optimizing for performance and scalability.

Programming

Programming skills involve proficiency in developing software using JavaScript, React, React Native, etc.

Debugging

Skill in identifying and fixing errors or bugs in software code for improved functionality and performance.

Communication

Effectively conveying technical information to both technical and non-technical stakeholders, facilitating understanding and collaboration.

Testing

Knowledge and experience in designing and implementing software testing strategies to ensure quality, reliability, and functionality

PROFESSIONAL EXPERIENCE

All Round Care (A.R.C), Front-end Developer

- Developed and implemented innovative user interface designs for A.R.C's e-commerce web-app, resulting in a 35% increase in user engagement and a decrease of 20% in bounce rates.
- Created dynamic data visualization tools using ReactJS, enabling the admin dashboard to provide real-time insights into customer behavior, leading to a 30% reduction in churn rate.

November 2022 – present
Lagos, Nigeria

BAFUTO INSTITUTE OF MANAGEMENT AND TECHNOLOGY, Assistant IT Teacher

- Provided individualized support to students during office hours, helping to improve assignment completion rates by 30%.
- Collaborated with senior faculty members to enhance course materials and teaching methods, resulting in a 15% improvement in overall course evaluations.
